Narrative description of the building(s) including the number and type of structure(s), number of bedrooms if group home, number of units with bedroom distribution if independent living units (including dwelling units in multifamily housing developments, condominiums and cooperatives), number of residents with disabilities, and any resident manager per structure; identification of all community spaces, amenities or features planned for the housing and a description of how the spaces, amenities, or features will be used, and the extent to which they are necessary to accommodate the needs of the proposed residents. A description of how the design of the proposed project will facilitate the integration of the residents into the surrounding community and promote the ability of the residents to live as independently as possible.

**NOTE: (202 and 811)** If the community spaces, amenities, or features do not comply with the project design and cost standards of 24 CFR 891.120 and the special project standards of 24 CFR 891.210 (202) or 891.310 (811), you must demonstrate your ability and willingness to contribute both the incremental development cost and continuing operating cost associated with the community spaces, amenities, or features;

(EXHIBIT 4 Cont'd)

(ii) Describe whether and how the project will promote energy efficiency and, if applicable, innovative construction or rehabilitation methods or technologies to be used that will promote efficient construction.

(d) Evidence of site control and permissive zoning.

**NOTE:** If you are applying for Section 811 without control of any or all of your proposed sites, you must provide the information under **Identification of a Site** below for any site you are submitting without evidence of control of that site.

(i) Acceptable evidence of site control is limited to any of the following:

(A) Deed or long-term leasehold which evidences that you have title to or a leasehold interest in the site. If a leasehold, the term of the lease must be at least 50 years;

(B) Contract of sale for the site which is free of any limitations affecting ability to deliver ownership to you after you receive and accept a notice of Section 202 or Section 811 capital advance. (The only condition for closing on the sale can be your receipt and acceptance of the capital advance.) The contract of sale cannot require closing earlier than the Section 202 or Section 811 closing (whichever is applicable);

(C) Option to purchase or for a long-term leasehold which must remain in effect for six months from the date on which the applications are due, must state a firm price binding on the seller, and be renewable at the end of the six month option period. The only condition on which the

(EXHIBIT 4 Cont'd)

option may be terminated is  
if you are not awarded a  
fund reservation;

- (D) If the site is covered by a mortgage under a HUD program, (e.g., a previously funded Section 202 or 811 project or an FHA-insured mortgage) you must submit evidence that consent to release of the site from the mortgage has been obtained or is being requested from HUD and from the mortgagee, if other than HUD; or
- (E) For sites to be acquired from a public body, evidence is needed that the public body possesses clear title to the site and has entered into a legally binding agreement to lease or convey the site to you after you receive and accept a notice of Section 202 or Section 811 capital advance. Where HUD determines that time constraints of the funding round will not permit you to obtain all of the required official actions (e.g., approval of Community Planning Boards) that are necessary to convey publicly-owned sites, you may include in your application a letter from the mayor or director of the appropriate local agency indicating that conveyance or leasing of the site is acceptable without imposition of additional covenants or restrictions, and only contingent on the necessary approval action. Such a letter commitment will be considered sufficient evidence of site control.
- (ii) Whether you have title to the site, a contract of sale, an option to purchase, or are acquiring a site from a public body, you must provide evidence (a title policy or other acceptable evidence) that the site is free of any limitations, restrictions, or reversioners which could adversely affect the use of the site for the proposed project

**(EXHIBIT 4 Cont'd)**

for the 40-year capital advance period under HUD's regulations and requirements (e.g., reversion to seller if title is transferred). If the title evidence contains restrictions or covenants, copies of the restrictions or covenants must be submitted with the application. If the site is subject to any such limitations, restrictions, or reverters, the application will be rejected if it's a 202 or the site will be rejected if it's an 811. Purchase money mortgages that will be satisfied from capital advance funds are not considered to be limitations or restrictions that would adversely affect the use of the site. If the contract of sale or option agreement contains provisions that allow a Sponsor not to purchase the property for reasons such as environmental problems, failure of the site to pass inspection, or the appraisal is less than the purchase price, then such provisions are not objectionable and a Sponsor is allowed to terminate the contract of sale or the option agreement.

**NOTE:** A proposed project site may not be acquired or optioned from a general contractor (or its affiliate) that will construct the Section 202 or Section 811 project or from any other development team member.

- (iii) Evidence that the project as proposed is permissible under applicable zoning ordinances or regulations or a statement of the proposed action required to make the proposed project permissible and the basis for the belief that the proposed action will be completed successfully before the submission of the firm commitment application.

**NOTE:** If applying for Section 811, you should be aware that under certain circumstances the Fair Housing Act requires localities to make reasonable accommodations to their zoning

(EXHIBIT 4 Cont'd)

ordinances or regulations to offer persons with disabilities an opportunity to live in an area of their choice. If you are relying upon a theory of reasonable accommodation to satisfy the zoning requirement, then you must clearly articulate the basis for your reasonable accommodation theory.

- (iv) Narrative topographical and demographic description of the suitability of the site and area (as well as a description of the characteristics of the neighborhood (811 only)), how the site will promote greater housing opportunities for minority elderly and elderly persons with disabilities (202) or minority persons with disabilities (811), thereby affirmatively furthering fair housing.

**NOTE:** You can best demonstrate your commitment to affirmatively furthering fair housing by describing how your proposed activities will assist the jurisdiction in overcoming impediments to fair housing choice identified in the applicable jurisdiction's Analysis of Impediments (AI) to Fair Housing Choice, which is a component of the jurisdiction's Consolidated Plan or any other planning document that addresses fair housing issues. The applicable Consolidated Plan and AI may be the Community's, the County's, or the State's, to which input should have been provided by local community organizations, agencies in the community and residents of the community. Alternatively, a document that addresses fair housing issues and remedies to barriers to fair housing in the community that was previously prepared by a local planning, or similar organization, may be used. For **Section 202**, applicable impediments could include the need for improved housing quality and services for elderly minority families, lack of affirmative marketing and outreach to minority elderly persons, and the need for quality eldercare services within areas of minority concentration when compared with the type and quality of similar

(EXHIBIT 4 Cont'd)

services and housing in nonminority areas. For **Section 811**, applicable impediments could include a lack of units that are accessible to persons with disabilities, a lack of transportation services or other assistance that would serve persons with disabilities, or the need for improved quality and services for all persons with disabilities.

- (v) A map showing the location of the site and the racial composition of the neighborhood, with the area of racial concentration delineated.
- (vi) A Phase I Environmental Site Assessment, in accordance with the American Society for Testing and Material (ASTM) Standards E 1527-93, as amended, must be completed and submitted with the application. Therefore, it is important to start the site assessment process as soon after the publication of the NOFA as possible. If further study is indicated after the Phase I Assessment, then a Phase II Assessment must also be submitted if you decide to continue with this site. If you decide to choose another site, the same environmental site assessment procedure identified above must be followed for that site.

If you decide to continue with the same site and the Phase II Assessment reveals site contamination, you must submit the extent of the contamination and a plan for clean-up of the site including a contract for remediation of the problem(s) and an approval letter from the applicable Federal, State and/or local agency with jurisdiction over the site. The Phase II and any necessary plan for clean-up does not have to be submitted with the application but must be submitted to the local HUD office by **June 19, 2000**. If it is not submitted by that date, the application will be rejected if it is a 202 and the site will be rejected if it is an 811.

**(EXHIBIT 4 Cont'd)**

**NOTES:** 1) You must pay for the cost of any clean-up or remediation which can be very expensive. 2) For properties to be acquired from the FDIC/RTC, include a copy of the FDIC/RTC prepared Transaction Screen Checklist or Phase I Environmental Site Assessment and applicable documentation, per the FDIC/RTC Environmental Guidelines.

(vii) A letter from the State Historic Preservation Officer (SHPO) indicating whether the proposed site(s) has any historical significance. If you cannot obtain a letter from the SHPO due to the SHPO not responding to your request or the SHPO responding that it cannot or will not comply with the requirement, you must submit the following:

(A) a letter indicating that you attempted to get the required letter from the SHPO but that the SHPO either had not responded to your request or would not honor or recognize your request;

(B) a copy of your letter to the SHPO requesting the required letter; and

(C) a copy of the SHPO's response, if available.

**(viii) through (xiv) apply to Section 811 only**

(viii) A statement that you are willing to seek a different site if the preferred site is unapprovable and that site control will be obtained within six months of notification of fund reservation.

**(Section 811 only)**

(ix) If an exception to the project size limits is being requested, describe why the site was selected and demonstrate the following: **(Section 811 applications with site control only)**

(A) People with disabilities have indicated their acceptance or preference to live in housing with as many units/people as proposed for the project.

**(EXHIBIT 4 Cont'd)**

- (B) The increased number of units/people is warranted by the market conditions in the area in which the project will be located.
- (C) Your project is compatible with other residential development and the population density of the area in which the project is to be located.
- (D) The increased number of people will not prohibit their successful integration into the community.
- (E) The project is marketable in the community.
- (F) The size of the project is consistent with State and/or local policies governing similar housing for the proposed population.
- (G) A statement that you are willing to have your application processed at the project size limit should HUD not approve the exception.

**Identification of a Site**

If you have identified a site, but do not have it under control, you must submit the following information: **(Section 811 only)**

- (x) A description of the location of the site, including its street address, its unit number (if condominium), neighborhood/community characteristics (to include racial and ethnic data), amenities, adjacent housing and/or facilities, how the site will promote greater housing opportunities for minority persons with disabilities and affirmatively further fair housing.

You can best demonstrate your commitment to affirmatively furthering fair housing by describing how your proposed activities will assist the jurisdiction in overcoming impediments to fair housing choice identified in the community's AI or any other planning document that addresses fair housing issues. Examples of the applicable

(EXHIBIT 4 Cont'd)

impediments include the need for improved housing quality and services for minority persons with disabilities and the need for quality services for persons with disabilities within the type and quality of similar services and housing in minority areas.

(xi) A description of the activities undertaken to identify the site, as well as what actions must be taken to obtain control of the site, if approved for funding.

(xii) An indication as to whether the site is properly zoned. If it is not, an indication of the actions necessary for proper zoning and whether these can be accomplished within six months of fund reservation award, if approved for funding.

(xiii) A status of the sale of the site.

(xiv) An indication as to whether the site would involve relocation.

(e) **202** Provision of supportive services and proposed facility.

(i) A detailed description of the supportive services proposed to be provided to the anticipated occupancy.

(ii) A description of public or private sources of assistance that reasonably could be expected to fund the proposed services.

(iii) The manner in which such services will be provided to such persons (i.e., on or off-site), including whether a service coordinator will facilitate the adequate provision of such services, and how the services will meet the identified needs of the residents.

**NOTE:** You may not require residents, as a condition of occupancy, to accept any supportive services.

(EXHIBIT 4 Cont'd)

811 A supportive services plan that includes:

**NOTE:** Your supportive services plan and the supportive services certification (Exhibit 7(1)) must be sent to the appropriate State or local agency (identified by the HUD Office) far enough in advance of the application deadline date so that the agency can review the plan, complete the certification and return both to you for inclusion in your application to HUD.

- (i) A detailed description of whether the housing is expected to serve persons with physical disabilities, developmental disabilities, or chronic mental illness or any combination of the three. Include how and from whom/where persons will be referred and admitted for occupancy in the project. You may, with the approval of the Secretary, limit occupancy within housing developed under this SuperNOFA to persons with disabilities who have similar disabilities and require a similar set of supportive services in a supportive housing environment. However, the Owner must permit occupancy by any qualified person with a disability who could benefit from the housing and/or services provided, regardless of the person's disability.
- (ii) If requesting approval to limit occupancy, also submit the following:
  - (A) A description of the population of persons with disabilities to which occupancy will be limited.
  - (B) An explanation of why it is necessary to limit occupancy of the proposed project(s) to the population described in (1) above, including the following:
    - An explanation of how limiting occupancy to a subcategory of persons with disabilities promotes the goals of the Section 811 program.

(EXHIBIT 4 Cont'd)

- An explanation of why the housing and/or service needs of this population cannot be met in a more integrated setting.
- (C) A description of your experience in providing housing and/or supportive services to proposed occupants.
- (D) A description of how you will ensure that occupants of the proposed project will be integrated into the neighborhood and community.
- (iii) A detailed description of the supportive service needs of the persons with disabilities that the housing is expected to serve.
- (iv) A list of community service providers, (including consumer-controlled providers), including letters of intent to provide services to proposed residents from as many potential providers as possible.
- (v) The evidence of each service provider's capability and experience in providing such supportive service (even if you will be the service provider).
- (vi) Identification of the extent of State and/or local agency involvement in the project (i.e., funding for the provision of supportive services, referral of residents, or licensing the project). If there will be any State or local agency involvement, a description of the State/local agency's philosophy/policy concerning housing for the population to be served and a demonstration that your application is consistent with State and/or local agency plans and policies governing the development and operation of housing for persons with disabilities.
- (vii) If you will be making any supportive services available to the residents or will be coordinating the availability of

(EXHIBIT 4 Cont'd)

any supportive services, a letter providing:

- (A) A description of the supportive services that you will make available to the residents or, if you will be coordinating the availability of any supportive services, a description of the supportive service(s) and how the coordination will be implemented;
  - (B) An assurance that any supportive services that you will make available to the residents will be based on their individual needs; and
  - (C) A commitment to make the supportive services available or coordinate their availability for the life of the project.
- (viii) A description of how the residents will be afforded opportunities for employment.
- (ix) An indication as to whether the project will include a unit for a resident manager.
- (x) A statement that you will not condition occupancy on the resident's acceptance of any supportive services.

### SPONSOR'S CONFLICT OF INTEREST RESOLUTION

TO: The Secretary of Housing and Urban Development

SUBJECT: Section 202 Program - Application for Fund Reservation  
Section 811 Program - Application for Fund Reservation

Sponsor:

Project Location:

WHEREAS, Section 202 of the Housing Act of 1959, as amended, authorizes the making of capital advances for housing for the elderly to private, nonprofit corporations, OR Section 811 of the National Affordable Housing Act of 1990, as amended, authorizes the making of capital advances to nonprofit corporations for housing for persons with disabilities, no part of the net earnings of which inure to the benefit of any member, founder, contributor or individual;

WHEREAS, HUD has implemented this statutory requirement by promulgating a regulation providing that the Sponsor may not be controlled by or under the direction of persons or firms seeking to derive profit or gain therefrom. The regulation also prohibits any officer or director of the Sponsor from having any financial interest in any contract in connection with the rendition of services, the provision of goods or supplies, procurement of furnishings or equipment, construction of the project, procurement of the site or any other matters whatsoever, except with respect to management or supportive services contracts entered into by the Owner with the Sponsor or its nonprofit affiliate.

WHEREAS, HUD has determined that assurance of compliance with this prohibition can best be obtained by requiring that all officers and directors of the Sponsor certify that they do not have and will not have during their term of office, any prohibited financial interest.

WHEREAS, because of the time constraints imposed under the application process and difficulties in meeting these deadlines caused by such factors as large boards and unavailability of officers and directors of the board, some prospective Sponsors have been unable or experienced hardship in obtaining all of the required certifications for submission with the applications for fund reservation.

WHEREAS, HUD is willing to defer submission of the required Sponsors' Conflict of Interest and Disclosure Certifications until the submission of the firm commitment applications by those Owners for which fund reservations were approved, if

such certifications are provided by all the Sponsor's officers and directors listed below, who are duly qualified and sitting in these capacities from the date of the Sponsor's fund reservation application.

[LIST THE NAME, TITLE, AND THE BEGINNING AND ENDING DATES OF THE TERM OF ALL OFFICERS AND DIRECTORS]

NOW, THEREFORE, in order to induce HUD to forego requiring submission of the Conflict of Interest and Disclosure Certifications until after projects have been selected and fund reservations granted, it is hereby resolved and agreed by the Board of Directors of the Sponsor:

1. That it will submit an updated Incumbency Certificate, in a form prescribed by HUD, showing all changes in incumbency for submission with the Owner's Application for Firm Commitment, initial closing and final closing.

2. That no officer or director of the Sponsor has or will be permitted to have any prohibited interest which would prevent him or her from signing the required Conflict of Interest and Disclosure Certification.

3. That the fund reservation will be subject to cancellation by HUD if the officers or directors of either the Sponsor or the Owner fail to submit Conflict of Interest and Disclosure Certifications duly executed by each and all of their respective officers and directors.

4. That no HUD capital advance funds or project rental assistance funds will be expended on account of any contract or arrangement where a conflict of interest is determined to exist, and the Sponsor shall be responsible for the payment of any and all obligations involving its officers and directors.

5. That should any contract or arrangement entered into by the Owner be determined by HUD to involve a conflict of interest, involving either the Sponsor's or Owner's officers or directors, the Sponsor will exercise its best efforts to cause the Owner to promptly cancel or terminate such contract or arrangement at HUD's request.

The Sponsor is required to make a commitment to cover the estimated start-up expenses, the minimum capital investment of 1/2 of one percent of the HUD-approved capital advance, not to exceed \$25,000 (\$10,000 for sponsors not affiliated with a national sponsor) and the estimated cost of any amenities or features (and operating costs related thereto) which would not be covered by the approved capital advance.

2. WHEREAS, HUD has determined that assurance by the Sponsor of its commitment and willingness to provide those funds can best be assured by requiring a resolution of the Board of Directors that funds will be made available for such purposes.

3. **You are our Client!**

**Your comments and suggestions, please!**

In the spirit of reinventing government, as outlined in Vice-President Al Gore's National Performance Review, much attention has been given to streamlining and simplifying the application process. While working within the statutes governing the application and selection process, we have, in preparing this Notice of Funding Availability (NOFA) and application form, tried to produce a more user-friendly, customer driven document. Please let us have your comments and suggestions. You may leave this form attached to your application, or feel free to detach the form and return it to us.

---

Please Provide Comments on HUD's Efforts:

---

The NOFA (please circle one):

- (a) is clear and easily understandable
- (b) better than before, but still needs improvement (please specify)

---

(c) other comments (please specify):

---

The application form (please circle one):

- (a) is acceptable given the volume of information required by statute and the volume of information required for accountability in selecting and funding projects.
- (b) is simpler and more user-friendly than before, but still needs work (please specify):
